CAMP PHILOSOPHY & GOALS: This camp implements the Midwest style of wrestling. This camp has helped wrestlers improve their technique by providing exposure to a variety of wrestling moves and attitudes. We are seeking out the wrestlers that want to strive to become better and be the elite wrestler. Our goal is to take wrestlers to the next level and to expand their knowledge in the sport. We want our campers to better their skills and training habits. These clinics are to help you learn technique and strategies so when you step on that mat during season, you will have the confidence you need to out-smart your opponent.

These clinics have something very special happening. We have developed a unique style of wrestling into our teachings. These clinics are serious, but we will have fun. By going through these clinics, we will both be part of something special. Take advantage of this opportunity!
